*Good only for products listed. Excluding oxygen equipment and saunas.

Free Shipping on orders over \$35

For the continental USA. Worldwide shipping rates available.

Items will be shipped after check has cleared or you may use credit cards.

Ozone Glassware

Ozone Water Bubbler

For drinking and creating ozonated water. Clear markings and a stable base make ozonating water easy.

Ozone Humidifier

For humidifying ozone for insufflations. Humidifying ozone can make it less drying.

Ozone Oil Bubbler

For breathing ozone and making ozonated oils. Bubbling ozone through oil makes it less harsh for breathing.

Ozone Cups

For focusing ozone on one part of the body. The ozone destruct keeps excess from entering the room. Several sizes available.

Ozone Accessories

OzoMedic Ozone Suppositories

An OzoMedic ozone suppository holds 2.6 mL of completely ozonated olive oil. They are created with medical oxygen and a cold plasma ozone generator. Various oils hold different concentrations of ozone, which can be determined with the potential ozonide intensity factor. Olive oil is roughly in the middle of the potential ozonide intensity scale.

Catheters

For rectal and vaginal ozone insufflations. Available individually or save on a box of 30.

Ozone Destruct

The Ozone Destruct System has a Luer lock connection. Use it when your ozone generator is turned on but is not being used.

Full Body Ozone Bag

Just attach the tubing from your ozone generator to the included adapter, zip it up to your neck and either sit or lie down and experience ozone therapy across your body. We have tested this bag ourselves and determined that a single person can use the bag effectively without assistance, or it can be used in a practitioner setting.

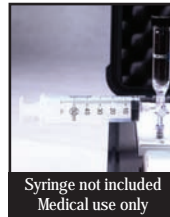

Ozone Earscope

Earscopes are good for insufflating ozone into the ears. A humidifier is recommended; it humidifies ozone to prevent drying.

Check Valve

Prevents water from entering ozone generators. Protects your generator with ease when using water.

Syringe Filling System

For filling syringes with ozone. Syringe not included. Licenced professionals only.

Nasal Cannulas

Used to breathe ozone or oxygen. An oil bubbler is recommended for ozone.

Accessories continued on the next page.

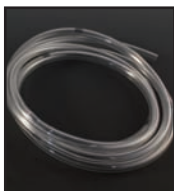

Ozone Accessory Package

Have everything you need to hook up your ozone equipment and accessories. Includes oxygen tubing, silicone tubing, silicone adapters and an ozone check valve. This comes free with the O3Elite Ozone Generator.

Silicone Adapters

For connecting tubing easily. Several come free with the O3Elite Ozone Generator.

Oxygen Tubing

Price is for a five foot section. Useful for connecting oxygen tanks and concentrators.

Silicone Tubing

One foot section. Select the number of feet you need for your applications.

Ozone Limb Bags

Available in Kynar with a barbed fitting or in Teflon. Kynar can have one end open or both.

Low Flow Regulators

Lowers flow rates of O2 tanks. Available for 870 and 540 tanks; call if you have any questions about what you need.

PreciseRx Flowmeter

Used with high flow O2 concentrators to reduce flow. Turn a higher flow unit into a low flow concentrator.

Steam and Far Infrared Saunas

Steam Sauna Pro

Hard body steam cabinet perfectly designed for ozone therapy applications. Includes free lumbar pillow and fiberglass foot rest.

No steam vents, solid single door construction, simple to maintain, adjustable seat, low EMF output, long life, easy to move and clean. Great for homes, clinics or gyms.

A 10 minute steam sauna session warms the body, increases circulation and relaxes muscles. Open pores allow for easier absorption of ozone.

Ozone Generators and Oxygen Equipment

O3Elite Ozone Generator

Designed for use with ozone therapy. Standard or Professional with case, tank and regulator. Luer lock fittings, two cleanable cells, wall mounts, and much more.

Oxygen Tanks

For pure oxygen storage. A prescription may be required to get tanks filled with 100% oxygen. Call with questions.

Low Flow Oxygen Concentrators

Low flow for ozone therapy. Comes with fitting, tubing and low flow rates for proper ozone usage.

Portable Home Steam Sauna

Portable, easy to use with ozone therapy. Fold and store when not in use.

Saunex Far Infrared Sauna

Hard body far infrared sauna cabinet. Ozone compatible. Easy to use and effective to combine far infrared and O3.

PurO3 Activated Oxygen Oils

Always simple, safe and pure.

Each type comes in two ounce glass jars.

Only safe ingredients: organic extra virgin olive oil, organic hemp, sunflower and coconut oil and wild-crafted jojoba. Scented oils use only pure essential oils.

PurO3 Olive

May help with dry skin, wounds, scrapes, dermatitis, eczema, diaper rash and a wide variety of other conditions.

PurO3 Jojoba

Very popular for skin and beauty purposes. Soft, easy to absorb, can reduce acne, wrinkles and more.

PurO3 Sunflower

May help with dry skin, wounds, scrapes, dermatitis, eczema, diaper rash and a wide variety of other conditions.

PurO3 Coconut

Great for beauty and skin. All the potential benefits of coconut oil with pure ozone.

PurO3 Hemp

The strongest oil, water resistant. Useful for wounds and other injuries. Very strong, use with care.

PurO3 Jojoba with Lavender

All the potential benefits of our Jojoba Oil with a light lavender scent.

Notes about shipping

Orders under \$35, add \$5 shipping. Orders over \$35 get free shipping. Both apply to the continental United States. International orders or orders to Alaska or Hawaii, contact us for your shipping quote.

New products are added and prices may change. For our complete, up to the minute selection, visit www.PromolifeHealth.com.
